## *~About You Assignment~*

Currently, I am an undergraduate in Business Management at the University of Nevada Reno! As of now, I am looking into minoring in sports management, whereas I will further my education at UCCS (Colorado Springs), and potentially intern for my favorite sports teams in the Mile High City of Denver. I love the Denver Broncos, Nuggets, and Colorado Avalanche, and to work in a business setting for those teams has been a lifelong dream of mine. And if all fails, I would love to become a firefighter, like my dad.

I am not the most tech 'savvy.' While I own a laptop, a phone, bluetooth devices, and even a Playstation; I am usually behind on computers and Microsoft softwares. Unfortunately for me, I grew up with Google! But I am always willing to learn new technologies.

I am originally from Parker, Colorado. Before high school I moved to Las Vegas, Nevada and from there I decided to take my academics to Reno. Along the way, I came up with a few of my friends from Vegas. While in Vegas, I was a varsity swimmer. In my spare time, I love to go outdoors, workout at the gym, read Steven King books, and watch sports. I am truly devastated that Bo Nix broke his ankle, but Nikola Jokic and Nathan MacKinnon got my back.

*Do not get me started on the Rockies.*
